We are determined to keep this brand-new clothing stock clean and clear of incomplete lots, therefore we have adopted this liberal method to accomplish this end.

The St. Louis Court of Appeals yesterday dismissed the application of Charles Den-ner for a writ of habeas corpus for possession of his 9-year-old daughter, Minns who is in charge of her aunts and uncle, Barbara, Rosa and William Bopp.

The appellate court refused to entertain

the case because the Circuit Court has jurisdiction in the matter. The mother of the child, who was Denner's first wife, died and he married again.

An order was made in the Circuit Court in 1902 awarding the custody of the child to him, but he was not in a position to have charge of her at the time, it is stated.

Bonesteel, S. D., July &-The Government registration books for entrymen on the Rosebud Indian Reservation were opened to-day. A crowd of 316 persons waited through the night in a driving rain to be present when the registration office opened. At 9 o'clock when Inspector McPhaul opened the door of the City Hall there were about 1,500 persons waiting to take their turns at the registration desks. It never decreased during the day.

At the Baptist Church, where women and old soldiers were registering, only a corporal's guard of the men waited through the night and were on duty at sunrise. The experiences they had during their time of service made them more oblivious to the storm of the night than were the younger generation at the City Hall. During the night the old veterans sat around on logs, which they had provided for that purpose, and again exchanged experiences of the campaigns. The women began coming as early as f

The women began coming as early as 4 o'clock in the morning and were placed in line with the old solders, who galiantly gave up their places to them. Miss Jennie Conway of Omaha was the first to register at this place.

"O'r course, others will take their places as each train arrives, but we hope to keep ahead of the crowd, or at least to keep even. BELIEVE HIS HEAD STRUCK VIADUCT.

Joliet Police Investigate Death o Man Found on Top of Baggage Car-Body Arrives To-Day.

The body of Emmett Newman, 22 years old, of No. 2830 North Eleventh street who died in St. Joseph's Hospital at Jollet, Monday afternoon, will arrive here this morning at 7 o'clock over the Chicago

and Alton Railroad. Newman was found lying on the top of the baggage coach of a Chicago and Alton train as it came into Joliet from Chicago Monday morning. He was unconscious from a wound in his cheek and a fractured skull. He died two hours after he as taken to the hospital.

From the nature of the wounds the Joliet police believe that they were in flicted by Newman's head striking against a viaduct, and not by the hand of some ne in an attempt to murder him, as was at first supposed. The wound in the check has the appearance of a bullet wound but investigation has convinced the police

has the appearance of a bullet wound, but investigation has convinced the police that it is not.

The police are only puzzled now to know how the wounded man managed to hold himself on top of the coach from the time he was struck, which must have been as the train pulled out of Chicago till it reached Joliet. His strength was so nearly exhausted when he was discovered that he was unable to speak during the two hours before his death.

Newman left St. Louis three weeks ago in company with John Brasse, and Frank Kale, two young men, who were his associates in St. Louis. Newman had worked with Brasse at the Missouri Canning Company, and he and Kale had been comrades for many years. The three went to Chicago in search of work.

They lived together at No. 241% East Illinois street. After they had been in Chicago two weeks Mrs. Hall, Newman's mother, received a letter from him in which he said they had been unable to find any work. Brasse's mother received a letter about the same time, in which it was intimated that if they did not find work before last Sunday they would leave the city.

It has been learned from the Chicago police that the three left their room together Sunday, taking their clothes with them. No information has been received by the parents of any of the boys as to the whereabouts of Brasse and Kale. It is not known whether they left Chicago, but the fact that Newman did not fall from the coach after he was injured has led the Joliet police to believe that they were with him at the time the accident occurred.

Although the lad never expressed a wish to visit the Fair, Mr. Porter believes that the boy came to 8t. Louis. The boy is 5 feet 3 inches in height, weights about 115 pounds, has a fair complexion, freekled and pale from recent illness, light hair and bittist gray eyes. Government Sues on Agent's Bond. A record of appeal from the United States District Court of Colorado was filed in the United States Court of Appeals yesterday in the case of the United States yesterday in the case of the United States against Charles Pierson et al., bondsmen of Elisha Davis, formerly United States agent of the Ulntah Utes of Utah. The case grew out of the Mecker troubles in 1886, and has been pending in the courts ever since. The Government is suing for \$10,000 bond on the ground that Davis did not account for all the moneys delivered to him. The defense is that the distribution of the money was made, but that the proportion between the two tribes of Utes was not maintained, but was made in order to prevent further bloodshed and that the bondsmen are not responsible. Up to this time the lower courts have sustained the defendants.
